ENCOUNTER WITH A WHALE IN a girl eight years old. On returning

Two "rights" whales were discovered in the harbor about three o'clock Monday afternoon last. The cry of "there she blows" was soon repeated along shore, directly followed by hasty manning of whale boats, and hurrying into them, the weapons and half-dozen boats, equipped and manned with six men each, soon started in pursuit. After a chase of about three-quarters of an hour, the whales all the while deftly eluding their pur-Smith, and "headed" by Archibald McCurdy, both experienced whalemen, was run upon the broadside of one of them, and McCurdy to use his phrase, "sent his iron home to the seizing into her bilge." The scene now became exciting to

Every attempt to haul up and lance was met by her flukes just clear of the boat. Thus the contest continued without much change of manceuvre bonds, without interest, the Govern-enlivenment, that can come only when or advantage gained by either antagoment should persist in giving them to we rise at a rational hour. A breakwas in something of a dilemma conon his nose and looking infinitely a few thousand wealthy aristocrats at fast eaten by candle light, or snatched in the boots? Cred ne, scratching a bruise we rise at a rational hour. A breakwhen the whale succeeded in delivercessary drink, and culinary purposes, cerning them.

She had no particular preference for either of them, but she wanted to be married sometime, and Mr. White was opposed to long courtships, and not lend them had not been hearing them.

Anot lend them be supposed to long courtships, and here lend the last ten minutes, and here lend the last ten minutes, and here lend the poole's funding bill.— Enquirer.
